LEGISLATIVE COUNSEL'S DIGEST

SB 304, as amended, Lieu. Healing arts: boards.

(1) Existing law provides for the licensure and regulation of physicians and surgeons by the Medical Board of California. Existing law authorizes the board to employ an executive director. Existing law provides that those provisions will be repealed on January 1, 2014, and,

upon repeal, the board is subject to review by the Joint Sunset Review Committee.

This bill would instead repeal those provisions on January 1, 2018, and subject the board to review by the appropriate policy committees of the Legislature. The bill would authorize the board to employ an executive director by, and with the approval of, the Director of Consumer Affairs.

Existing law authorizes the board to issue a physician and surgeon's license to an applicant who acquired all or part of his or her medical education at a foreign medical school that is not recognized by the board if, among other requirements, the applicant has held an unlimited and unrestricted license as a physician and surgeon in another state or federal territory and has continuously practiced for a minimum of 10 years prior to the date of application or to an applicant who acquired any part of his or her professional instruction at a foreign medical school that has previously been disapproved by the board if, among other requirements, the applicant has held an unlimited and unrestricted license as a physician and surgeon in another state or federal territory and has continuously practiced for a minimum of 20 years prior to the date of application. For the purposes of these provisions, the board may combine the period of time that the applicant has held an unlimited and unrestricted license, but requires each applicant to have a minimum of 5 years continuous licensure and practice in a single state or federal territory.

This bill would instead authorize the board to issue a physician and surgeon's license to an applicant who acquired any part of his or her medical education from an unrecognized medical school if, among other requirements, the applicant has held an unlimited and unrestricted license as a physician and surgeon in another state, a federal territory, or a Canadian province and has continuously practiced for a minimum of 10 years prior to the date of application, or from a disapproved medical school if, among other requirements, the applicant has held an unlimited and unrestricted license as a physician and surgeon in another state, a federal territory, or a Canadian province and has continuously practiced for a minimum of 12 years prior to the date of application. The bill would reduce the minimum number of years that each applicant must have continuous licensure and practice in a single state or federal territory to 2 years and permit the period of continuous licensure and practice to occur in a Canadian province.

Existing law authorizes the Medical Board of California, if it publishes a directory of its licensees, as specified, to require persons licensed, as specified, to furnish specified information to the board for purposes of compiling the directory.

This bill would require that an applicant and licensee who has an electronic mail address report to the board that electronic mail address no later than July 1, 2014. The bill would provide that the electronic mail address is to be considered confidential, as specified.

Existing law requires an applicant for a physician and surgeon's certificate to obtain a passing score on Step 3 of the United States Medical Licensing Examination with not more than 4 attempts, subject to an exception.

This bill would require an applicant to have obtained a passing score on all parts of that examination with not more than 4 attempts, subject to the exception.

Existing law requires that a complaint, with exceptions, received by the board determined to involve quality of care, before referral to a field office for further investigation, meet certain criteria.

This bill would expand the types of reports that are exempted from that requirement.

Existing law provides for a civil penalty of up to \$1,000 per day, as specified, to be imposed on a health care facility that fails to comply with a patient's medical record request, as specified, within 30 days.

This bill would shorten the time limit for compliance to 15 days for those health care facilities that have electronic health records.

Existing law establishes that corporations and other artificial legal entities have no professional rights, privileges, or powers.

This bill would provide that those provisions do not apply to physicians and surgeons or doctors of podiatric medicine enrolled in approved residency postgraduate training programs or fellowship programs.

(2) Existing law, the Licensed Midwifery Practice Act of 1993, provides for the licensure and regulation of licensed midwives by the Medical Board of California. Existing law specifies that a midwife student meeting certain conditions is not precluded from engaging in the practice of midwifery as part of his or her course of study, if certain conditions are met, including, that the student is under the supervision of a licensed midwife.

This bill would require that to engage in those practices, the student is to be enrolled and participating in a midwifery education program or

enrolled in a program of supervised clinical training, as provided. The bill would add that the student is permitted to engage in those practices if he or she is under the supervision of a licensed nurse-midwife.

(3) Existing law provides for the regulation of registered dispensing opticians by the Medical Board of California and requires that the powers and duties of the board in that regard be subject to review by the Joint Sunset Review Committee as if those provisions were scheduled to be repealed on January 1, 2014.

This bill would instead make the powers and duties of the board subject to review by the appropriate policy committees of the Legislature as if those provisions were scheduled to be repealed on January 1, 2018.

(4) Existing law provides for the accreditation of outpatient settings, as defined by the Medical Board of California, and requires outpatient settings to report adverse events, as defined, to the State Department of Public Health within specified time limits. Existing law provides for the imposition of a civil penalty in the event that an adverse event is not reported within the applicable time limit.

This bill would instead require those outpatient settings to report adverse events to the Medical Board of California within specified time limits and authorize the board to impose a civil penalty if an outpatient setting fails to timely report an adverse event.

(5) Existing law establishes the Medical Quality Hearing Panel, consisting of no fewer than 5 administrative law judges with certain medical training, within the Office of Administrative Hearings. Existing law authorizes those administrative law judges to issue interim orders suspending a license, or imposing drug testing, continuing education, supervision of procedures, or other license restrictions. Existing law requires that in all of those cases in which an interim order is issued, and an accusation is not filed and served within 15 days of the date in which the parties to the hearing have submitted the matter, the order be dissolved.

Under existing law, if a healing arts practitioner is unable to practice his or her profession safely due to mental or physical illness, his or her licensing agency may order the practitioner to be examined by specified professionals.

This bill would extend the time in which the accusation must be filed and served to 30 days from the date on which the parties to the hearing submitted the matter. The bill would also provide that a physician and surgeon's failure to comply with an order to be examined may constitute

grounds for an administrative law judge of the Medical Quality Hearing Panel to issue an interim suspension order.

Existing law establishes the Health Quality Enforcement Section within the Department of Justice to ~~carry out certain duties: investigate and prosecute proceedings against licensees and applicants within the jurisdiction of the Medical Board of California, the California Board of Podiatric Medicine, the Board of Psychology, or any committee under the jurisdiction of the Medical Board of California.~~ Existing law provides for the funding for the section, and for the appointment of a Senior Assistant Attorney General to the section to carry out specified duties. Existing law requires that all complaints or relevant information concerning licensees that are within the jurisdiction of the ~~Medical Board of California, the California Board of Podiatric Medicine, or the Board of Psychology~~ boards served by the Health Quality Enforcement Section be made available to the Health Quality Enforcement Section. Existing law establishes the procedures for processing the complaints, assisting the boards or committees in establishing training programs for their staff, and for determining whether to bring a disciplinary proceeding against a licensee of the boards. Existing law provides for the repeal of those provisions, as provided, on January 1, 2014.

This bill would extend the operation of those provisions indefinitely *and make those provisions applicable to the Physical Therapy Board of California and licensees within its jurisdiction.*

Existing law establishes, until January 1, 2014, a vertical enforcement and prosecution model for cases before the Medical Board of California and requires the board to report to the Governor and Legislature on that model by March 1, 2012.

This bill would extend the date that report is due to March 1, 2015.

Existing law creates the Division of Investigation within the Department of Consumer Affairs and requires investigators who have the authority of peace officers to be in the division, except that investigators of the Medical Board of California and the Dental Board of California who have that authority are not required to be in the division.

This bill would require, effective July 1, 2014, that investigators of the Medical Board of California who have the authority of a peace officer be in the division and would protect the positions, status, and rights of those ~~investigators~~ employees who are subsequently transferred as a result of these provisions. The bill would also, *effective July 1,*

2014, create within the Division of Investigation the Health Quality Investigation Unit.

(6) Existing law, the Veterinary Medicine Practice Act, provides for the licensure and registration of veterinarians and registered veterinary technicians and the regulation of the practice of veterinary medicine by the Veterinary Medical Board. Existing law repeals the provisions establishing the board, and authorizing the board to appoint an executive officer, as of January 1, 2014. Under existing law, the board is subject to evaluation by the Joint Sunset Review Committee prior to its repeal.

This bill would provide that those provisions are instead repealed as of January 1, 2016. The bill, upon repeal of the board, would require that the board be subject to a specifically limited review by the appropriate policy committees of the Legislature.

Existing law authorizes the board, at any time, to inspect the premises in which veterinary medicine, veterinary dentistry, or veterinary surgery is ~~being practiced~~ *being practiced* and requires that those premises be registered with the board. Existing law requires the board to establish a regular inspection program that will provide for random, unannounced inspections.

This bill would require the board to make every effort to inspect at least 20% of veterinary premises on an annual basis and would exclude from inspection those premises that are not registered with the board.

Existing law requires the board to establish an advisory committee, the Veterinary Medicine Multidisciplinary Advisory Committee, to assist, advise, and make recommendations for the implementation of rules and regulations necessary to ensure proper administration and enforcement of specified provisions and to assist the board in its examination, licensure, and registration programs. Existing law requires the committee to consist of 7 members, with 4 licensed veterinarians, 2 registered veterinary technicians, and one public member.

This bill would expand the number of members on the committee to 9 by including one veterinarian member of the board, to be appointed by the board president, and the registered veterinary technician of the board, both of whom would serve concurrently with their terms of office on the board. The bill would additionally require that the committee serve only in an advisory capacity to the board, as specified. The bill would make other technical and conforming changes.

Existing law authorizes a registered veterinary technician or a veterinary assistant to administer a drug under the direct or indirect supervision of a licensed veterinarian when administered pursuant to

the order, control, and full professional responsibility of a licensed veterinarian. Existing law limits access to controlled substances by veterinary assistants to persons who have undergone a background check and who, to the best of the licensee manager's knowledge, do not have any drug- or alcohol-related felony convictions. Existing law repeals these provisions on January 1, 2015.

This bill would instead require, until the later of January 1, 2015, or the effective date of a specified legislative determination, a licensee manager to conduct a background check on a veterinary assistant prior to authorizing him or her to obtain or administer a controlled substance by the order of a supervising veterinarian and to prohibit the veterinary assistant from obtaining or administering controlled substances if the veterinary assistant has a drug- or alcohol-related felony conviction.

This bill would require that, upon the later of January 1, 2015, or the effective date of a specified legislative determination, a veterinary assistant be designated by a licensed veterinarian and hold a valid veterinary assistant controlled substances permit from the board in order to obtain or administer controlled substances. The bill would, as part of the application for a permit, require an applicant to furnish a set of fingerprints to the Department of Justice for the purposes of conducting both a state and federal criminal history record check. The bill would require an applicant for a veterinary assistant controlled substances permit to apply for a renewal of his or her permit on or before the last day of the applicant's birthday month and to update his or her mailing or employer address with the board. The bill would authorize the board to collect a filing fee, not to exceed \$100, from applicants for a veterinary assistant controlled substances permit. Because that fee would be deposited in the Veterinary Medical Board Contingent Fund, which is a continuously appropriated fund, the bill would make an appropriation.

(7) This bill would incorporate additional changes to Section 11529 of the Government Code proposed by SB 670 that would become operative if this bill and SB 670 are enacted and this bill is chaptered last.

~~(7)~~

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

Disclosure of individually identifiable patient information shall be consistent with applicable law.

(b) For the purposes of this section, "adverse event" has the same meaning as in subdivision (b) of Section 1279.1 of the Health and Safety Code.

2216.4. If an accredited outpatient setting fails to report an adverse event pursuant to Section 2216.3, the board may assess the accredited outpatient setting a civil penalty in an amount not to exceed one hundred dollars (\$100) for each day that the adverse event is not reported following the initial five-day period or 24-hour period, as applicable. If the accredited outpatient setting disputes a determination by the board regarding an alleged failure to report an adverse event, the accredited outpatient setting may, within 10 days of notification of the board's determination, request a hearing, which shall be conducted pursuant to the administrative adjudication provisions of Chapter 4.5 (commencing with Section 11400) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. Penalties shall

1 be paid when appeals pursuant to those provisions have been
2 exhausted.

3 SEC. 14. Section 2220.08 of the Business and Professions
4 Code is amended to read:

5 2220.08. (a) Except for reports received by the board pursuant

2 Hearing Panel established pursuant to Section 11371 may issue
3 an interim order suspending a license, or imposing drug testing,
4 continuing education, supervision of procedures, or other license
5 restrictions. Interim orders may be issued only if the affidavits in
6 support of the petition show that the licensee has engaged in, or
7 is about to engage in, acts or omissions constituting a violation of
8 the Medical Practice Act or the appropriate practice act governing
9 each allied health profession, or is unable to practice safely due to
10 a mental or physical condition, and that permitting the licensee to
11 continue to engage in the profession for which the license was
12 issued will endanger the public health, safety, or welfare. The
13 failure to comply with an order issued pursuant to Section 820 of
14 the Business and Professions Code may constitute grounds to issue
15 an interim suspension order under this section.

16 (b) All orders authorized by this section shall be issued only
17 after a hearing conducted pursuant to subdivision (d), unless it
18 appears from the facts shown by affidavit that serious injury would
19 result to the public before the matter can be heard on notice. Except
20 as provided in subdivision (c), the licensee shall receive at least
21 15 days' prior notice of the hearing, which notice shall include
22 affidavits and all other information in support of the order.

23 (c) If an interim order is issued without notice, the administrative
24 law judge who issued the order without notice shall cause the
25 licensee to be notified of the order, including affidavits and all
26 other information in support of the order by a 24-hour delivery
27 service. That notice shall also include the date of the hearing on
28 the order, which shall be conducted in accordance with the
29 requirement of subdivision (d), not later than 20 days from the
30 date of issuance. The order shall be dissolved unless the
31 requirements of subdivision (a) are satisfied.

32 (d) For the purposes of the hearing conducted pursuant to this
33 section, the licentiate shall, at a minimum, have the following
34 rights:

35 (1) To be represented by counsel.

36 (2) To have a record made of the proceedings, copies of which
37 may be obtained by the licentiate upon payment of any reasonable
38 charges associated with the record.

39 (3) To present written evidence in the form of relevant
40 declarations, affidavits, and documents.

1 The discretion of the administrative law judge to permit
2 testimony at the hearing conducted pursuant to this section shall
3 be identical to the discretion of a superior court judge to permit
4 testimony at a hearing conducted pursuant to Section 527 of the
5 Code of Civil Procedure.

6 (4) To present oral argument.

7 (e) Consistent with the burden and standards of proof applicable
8 to a preliminary injunction entered under Section 527 of the Code
9 of Civil Procedure, the administrative law judge shall grant the
10 interim order where, in the exercise of discretion, the administrative
11 law judge concludes that:

12 (1) There is a reasonable probability that the petitioner will
13 prevail in the underlying action.

14 (2) The likelihood of injury to the public in not issuing the order
15 outweighs the likelihood of injury to the licensee in issuing the
16 order.

17 (f) In all cases ~~where~~ *in which* an interim order is issued, and
18 an accusation is not filed and served pursuant to Sections 11503
19 and 11505 within 30 days of the date ~~in~~ *on* which the parties to
20 the hearing on the interim order have submitted the matter, the
21 order shall be dissolved.

22 Upon service of the accusation the licensee shall have, in addition
23 to the rights granted by this section, all of the rights and privileges
24 available as specified in this chapter. If the licensee requests a
25 hearing on the accusation, the board shall provide the licensee with
26 a hearing within 30 days of the request, unless the licensee
27 stipulates to a later hearing, and a decision within 15 days of the
28 date the decision is received from the administrative law judge, or
29 the board shall nullify the interim order previously issued, unless
30 good cause can be shown by the Division of Medical Quality for
31 a delay.

32 (g) ~~Where~~ *If* an interim order is issued, a written decision shall
33 be prepared within 15 days of the hearing, by the administrative
34 law judge, including findings of fact and a conclusion articulating
35 the connection between the evidence produced at the hearing and
36 the decision reached.

37 (h) Notwithstanding the fact that interim orders issued pursuant
38 to this section are not issued after a hearing as otherwise required
39 by this chapter, interim orders so issued shall be subject to judicial
40 review pursuant to Section 1094.5 of the Code of Civil Procedure.

1 The relief ~~which~~ *that* may be ordered shall be limited to a stay of

12 alleged misconduct by physicians and surgeons, and the evidentiary

14 declares that using a vertical enforcement and prosecution model
15 for those investigations is in the best interests of the people of

28 Attorney General to advise the board on legal matters such as
29 whether the board should file a formal accusation, dismiss the
30 complaint for a lack of evidence required to meet the applicable
31 burden of proof, or take other appropriate legal action.

32 (c) The Medical Board of California, the Department of
33 Consumer Affairs, and the Office of the Attorney General shall,
34 if necessary, enter into an interagency agreement to implement
35 this section.

36 (d) This section does not affect the requirements of Section

1 (e) It is the intent of the Legislature to enhance the vertical

20 place a patient at high risk for injury or harm or to govern
21 emergency and urgent care situations. The plan shall include, at a
22 minimum, that if a patient is being transferred to a local accredited
23 or licensed acute care hospital, the outpatient setting shall do all
24 of the following:

25 (i) Notify the individual designated by the patient to be notified
26 in case of an emergency.

27 (ii) Ensure that the mode of transfer is consistent with the
28 patient's medical condition.

36 shall be referred back to the outpatient setting, if deemed
37 appropriate by the medical staff peer review committee. If the

2 accrediting body or in accordance with existing law.

11 service by a certified registered nurse anesthetist acting within his

14 Code.

15 (4) Outpatient settings shall have a system for maintaining
16 clinical records.

17 (5) Outpatient settings shall have a system for patient care and
18 monitoring procedures.

19 (6) (A) Outpatient settings shall have a system for quality
20 assessment and improvement.

21 (B) Members of the medical staff and other practitioners who
22 are granted clinical privileges shall be professionally qualified and

15 any other provision of law, each outpatient setting may limit the
16 privileges, or determine the privileges, within the appropriate scope
17 of practice, that will be afforded to physicians and allied health
18 care practitioners who practice at the facility, in accordance with

29 shall conduct a reasonable investigation of the prior history of the
30 outpatient setting, including all licensed physicians and surgeons
31 who have an ownership interest therein, to determine whether there
32 have been any adverse accreditation decisions rendered against
33 them. For the purposes of this section, “conducting a reasonable
34 investigation” means querying the Medical Board of California
35 and the Osteopathic Medical Board of California to ascertain if
36 either the outpatient setting has, or, if its owners are licensed
37 physicians and surgeons, if those physicians and surgeons have,
38 been subject to an adverse accreditation decision.
